About Language Lab

The college has a well - functioned language lab that facilitates students to practice the language via **computer-based exercises and activities**. The language lab interactive sessions provide a very different experience from the traditional system of teaching and learning English, **offering more advanced features and functionalities**. The lab offers the students a **structured e- learning environment** to practice English in an entertaining **and interactive way to acquire the main language skills and enhance their vocabulary skills** and improve their proficiency in speaking the language.

The Language Lab is equipped with **Orell Language software** which enables students to practice their English language skills for **GRE, SAT, IELTS, TOEFL** exam etc. integrating all LSRW Skills. We RGIT Mumbai established the Lab in the **year 2021**. At present we have been using the Lab space as an interactive medium to conduct Lab sessions for courses like **PCE-I, PCE-II, Industrial soft skills** and also **guiding first year to final year students for personality development and Placement purpose**.

In the Lab we have **Ten-computers** with high speed internet facility and audio-visual aids to refine the linguistic skills of the students and **one rectangular Group Discussion table** where we split our batch into two groups for conducting Lab sessions with students in different batches. The lab can accommodate **20 students at a time** and provide adequate facilities for effective teaching and learning of various aspects like **Soft skills, Presentation skills, Interview skills, Meeting skills, Business writing skills, Aptitude test and skills of English language and foreign languages**. It is a platform to learn, read, practice and speak language through interactive lessons and communicative modes of teaching with the best samples of native speakers' pronunciation of the language.
