

### **Placement Procedure**

1. Information about the company profile, job profile, eligibility criteria, salary, branches applicable and any another information given by company are forwarded to all students along with a registration form with the dates of the drive (If specified by Company)
2. Eligible and interested students are required to register within the specified date and time with additional data if required
3. The detail database of the interested and eligible students is sent to the company & selection schedule details will be shared with students once received from the company.
4. The placement cell along with faculty and student coordinators ensure a smooth conduction of the online / offline process on the given date and time.
5. This coordination will be continued till the select list is declared and offer letters are accepted.
