Name of activity:

How to write technical research paper

Description: Writing a technical or research paper can be both a tricky and enjoyable experience. It's an essential skill for researchers, scientists, and academics, as it allows you to communicate your findings and contribute to the world of knowledge. However, the question that arises is: How to write a technical paper?

The method of writing a technical paper can be complicated if you don't have a specific structure and plan in place. We will guide you through the fundamental elements and tips to help you write an effective research paper in this step-by-step guide. Whether you are a skilled writer or just starting, having a well-defined structure is key to maintaining clarity and coherence in your technical or research paper.

IIC_6.0_RGIT_Q4_IIC Activity No. 8

NAME:

Expert mentorship on Start-Up and Innovation

DESCRIPTION:

Conducted by Expert Educator and Entrepreneur, Mr. SumerSingh Rajpurohit, Founder of Last Moment Tuitions featured a session on insights on start-ups, innovation and placement guidance. This session was conducted on August 9, 2024, at Seminar Hall, RGIT, from 01:00 a.m. to 04:00 p.m. The insightful seminar was organized by E-cell, RGIT in collaboration with IIC. It included career and placement guidance, mentorship to student entrepreneurs and young start-up founders. Attendees had the opportunity to kickstart their entrepreneurial journey and transform their vision into reality.

OBJECTIVES:

This session helped to:

- Equip participants with an entrepreneurial mindset and skills for successful start-up development.
- Provide insights into innovation strategies for transforming ideas into viable business models.
- Facilitate networking with industry experts and mentors for guidance and support.
- Offer tailored guidance on placement opportunities and career growth within start-ups.
